

## CONTENTS

| Review Paper  | Page |
|---|------|
| <b>Current trends in modular wastewater treatment - a patent review</b><br><i>Jaren U. Tulipan and Jey-R S. Ventura</i>   | 1    |
| Original Articles   |      |
| <b>Facile preparation of azido functionalized polyvinyl chloride (PVC) nanofiber (NF) membrane for various applications</b><br><i>Erwin C. Escobar, Grace M. Nisola and Wook-Jin</i>  | 14   |
| <b>Design of a compact wastewater treatment and isolation of microbial consortia for nutrient reduction of plastic recycling wastewater</b><br><i>Jaren U. Tulipan and Jey-R S. Ventura</i>   | 21   |
| <b>Selected physiological requirements of Purple non-sulfur bacteria isolated from Los Baños, Laguna for potential biohydrogen production</b><br><i>Leo Agustin F. Barcelo, Nacita B. Lantican, Ruby Lynn G. Ventura and Jey-R S. Ventura</i>   | 31   |
| <b>Comparative analysis of unidirectional and bidirectional electric vehicle charging stations (EVCS) optimal configuration in an IEEE 37-bus feeder system using Genetic Algorithm</b><br><i>Aurelio A. Balmeo, Jr., Rodolfo A. Aguirre, Jr., Ma. Danica G. Castillo, Edward Joseph H. Maguindayaao and John Paul P. Manzano</i> | 41   |
| <b>Numerical modeling of the drying behavior of Adlai (<i>Coix lacryma-jobi</i> L.) grain</b><br><i>Alvin M. Ante, Arnold R. Elepaño, Kevin F. Yaptenco and Delfin C. Suministrado</i>  | 55   |
| <b>Seismic-induced landslide hazard analysis of the recreational area of the Makiling Botanic Gardens, Los Baños, Laguna, Philippines</b><br><i>Angelo Manuel A. Castillo, Jedidiah Joel C. Aguirre, Carmina B. Borja and Andre C. Cruz</i>   | 69   |
